Igniting the Arts and Community in Maryland

Sustainer Grant

New in 2019!

GMF is pleased to announce a new grant opportunity available to past Legacy Grant recipients!

The Gutierrez Memorial Fund is committed to sustaining all of our wonderful past projects and supporting their continued prominence in the community. The GMF 'Sustainer Grant' offers a way for previous Legacy Grant recipients to maintain and/or enhance their GMF Legacy Projects. We anticipate the Sustainer Grant to be a short term grant, able to be accomplished within a 3-month period. Legacy Grant recipients can request additional funds up to \$2,500 in one of two Sustainer Grant pathways:

- 1) *Sustainer Grant for Maintenance* - this type of grant would include any maintenance needs for the project to stay in tip-top shape. It might include periodic tasks that include, but are not limited to:
 - Painting or project touch-up
 - replacement parts and repairs as needed due to wear and tear
 - other maintenance efforts such as grounds keeping or mulching

- 2) *Sustainer Grant for Enhancement* - this type of Sustainer Grant would include enhancements to the project that are new and different from the original grant request. Enhancement grants might include an extension of the original project by:
 - adding to the original work of art or structure
 - adding landscaping or signage
 - moving or relocating the project to a new site
 - expanding or creating new classes or programming
 - purchasing new materials and/or equipment
 - promoting community engagement with the project
